

Alice B. Landrum Middle School

2020 – 2021

Rising 8th Grade Elective Course Offering Sheet

The LMS Elective program encourages our students to pursue interests and passions beyond the core curriculum. Keep an open mind when choosing electives, constraints in the master schedule, adjusting class size and enrollment in specialized courses (i.e. Intensive Math, and/or classes with singleton offerings) MAY cause your student to be enrolled in a course other than the ones he/she selects below. Be aware that difficulties may arise and your preference will be used, however the rank order is not guaranteed.

Schedule: All students will have 4 core classes PLUS 3 elective course offerings

Art

Course Description: Students explore media and techniques used to create a variety of 2-D artwork through developing skills in drawing, painting, printmaking and collage. Students practice, sketch, and manipulate the structural elements of art. ****A studio donation of \$15 provides a sketchbook and expendable materials such as clay, paint and paper.****

Advanced Art (Prerequisite: 7th Grade Art and a signature of recommendation from the teacher.)

Course Description: Students investigate a wide range of media and techniques, from a historical and contemporary perspective, as they engage in the art-making processes of creating two-dimensional works, which may include drawing, painting, printmaking and/or collage. ****A studio donation of \$15 provides a sketchbook and expendable materials such as clay, paint and paper.****

Drama

Course Description: Students learn the basics of the Theatre Arts as pantomime, improvisation, and group scenes. Students also learn the importance of technical theatre and explore the use of such elements as costumes, props, and scenery. In class performances will showcase learned skills.

Advanced Drama (Prerequisite: 7th Grade Drama or Monologue Audition at End of School Year)

Course Description: Students with previous theatre experience and instruction continue to study acting, design, and dramatic literature to increase the enjoyment and understanding of what is required to prepare plays for the public. Students explore theatre history, study the great American playwrights, examine cultural and historical contributions to theatre, and begin to use the information to inform and improve their theatre knowledge and skills. Students will have to participate in One Act performances. (Students that did not participate in Drama 1 may take Advanced Drama with special permission and audition.)

Musical Theatre 1

Course Description: Student's coursework focuses on, but is not limited to, basic acting, basic vocal performance, basic dance/movement, non-dance movement, and staging, which transfer readily to musical theatre literature. Students will survey the current trends in musical theatre by studying representative literature. Students will explore the unique staging and technical demands of musicals in contrast to non-musical plays. Public performances may serve as a culmination of specific instruction goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.

Beginning Band - Year long Course No experience required

* Financial commitment required for instruments or instrument rental.*

** Mrs. Sacharski, Band Director, will help determine the students' instrument selection.**

Advanced Band

Course Description: Students with previous band experience build on instrumental technique, music literacy and aesthetic response through rehearsal, performance, and study of a variety of high-quality band literature. * **Financial commitment required for instruments or instrument rentals. After school practice and competition participation are required. Band selection placement will be determined by Mrs. Sacharski.***

Physical Education (PE)

Course Description: The purpose is to build on previously acquired knowledge, skills, and values necessary for the implementation and maintenance of a physically active lifestyle. Content provides exposure to a variety of movements, opportunities, and experiences.

Points of emphasis: Team Sports (7th Grade); Comprehensive+ Individual and Dual Sports (8th Grade).

Engaged Citizenship through Service Learning

Course Description: This course provides an introduction to service-learning and civic responsibility.

Academic, personal and career skills needed for effective service-learning project implementation will be taught and applied through structured service projects that meet real school and/or community needs. Students will actively participate in meaningful service-learning experiences of at least 20 hours' duration.

Reading 1 Advanced

Course Description: The course provides the opportunity for avid readers to read books and study other media that is of interest. This is a free reading program that is student led. Students have the freedom to choose texts of interest. Through book talks and digital book reviews students promote readership amongst our community of readers.

Journalism 1

Course Description: The purpose of this course is to enable students to develop fundamental skills in the production of journalism across print, multimedia, web, and broadcast/radio platforms and to become aware of journalism history, careers, ethics use, and management techniques related to the production of journalistic media. Some activities may be required outside of the school day. Students will develop and produce *The Predator*, the Landrum Middle School newspaper, which is distributed to the entire school and updated daily on our website LandrumToday.com. In addition, this course will introduce students to the world of desktop publishing, including photography, design and layout and writing and reading across different media platforms, including yearbook design, photography, sales, and production.

Journalism 2

Course Description: **(Prerequisite Journalism 1)** The purpose of this course is to enable students to develop fundamental skills in the production of journalism across multimedia, and broadcast/radio platforms and to become aware of journalism history, careers, ethics use, and management techniques related to the production of journalistic media. Some activities may be required outside of the school day. Students will develop and produce *ROAR TV*, the award winning, Landrum Middle School video news magazine, which can be seen by the entire school daily on our website LandrumToday.com. Students also produce documentary films for C-SPAN, Studentcam.org, and Jim Harbin Student Media Film Festival.

Information & Communications Technology (ICT) Essentials 2

Course Description: No prerequisite required. While this course builds on the ICT 1 course, it is not necessary for students to have taken ICT Essentials 1 as a prerequisite. Students will be provided opportunities to increase the depth of their knowledge of concepts and skills with various software applications, by creating more comprehensive documents and using more complex functions. Students will demonstrate proficiency in database applications, spreadsheets and video and sound editing, as well as an introduction to the basics of webpage layout.

STEM 1 (Strong previous test scores & proven success in core courses necessary)

Course Description: STEM is an acronym referring to the academic disciplines of science, technology, engineering and mathematics. The course is for students who have not had STEM before and is a hands-on, interdisciplinary problem-based learning experience. Projects include catapults, balsa bridges, and rockets.

****Opportunities for participating in the afterschool club are also available.***

STEM 2 Strong performance in STEM 1 at Landrum the previous year. Only for 8th grade students.

Course Description: The course is an advanced version of STEM (science, technology, engineering and mathematics) with more complicated and challenging projects for students to build. The first semester will focus on exploring robotics. The second semester will include building a hydraulic arm and mousetrap cars, and planning recycling and as off the grid house.

Spanish I (High School Credit Course)

** Strong work ethic performance is recommended for this High School course.**

Course Description: Students will develop communicative skills in all three modes of communication and cross-cultural understanding. Emphasis is placed on proficient communication in the language. An introduction to reading and writing is also included as well as culture, connections, comparisons and communities. ******

Grades earned in this course are permanent on the high school transcript.**
